[Using Tickets in Order] According to the airline's regulations, the tickets you have booked must be used in the order of the flight segments. Otherwise, the ticket fare, fuel surcharges, and government taxes will be recalculated based on the actual itinerary. If the recalculated amount exceeds the amount you have already paid for the tickets, you will be required to pay the difference. Additionally, any unused flight segments on the tickets will be considered invalid and cannot be used. The final decision will be subject to the approval of the operating carrier.
